**06.06.2026**

**DEAR NETWORK USERS,**

We hereby inform you that, in accordance with the provisions of Chapter VI<sup>1</sup> of the Natural Gas Network Code approved by ANRE Decision No. 420/2019 of 22 November 2019 and the Annex to ANRE Decision No. 337 of 26 May 2026, **whereby two types of firm capacity are made available to the market, at the IP Kaushany, in the UA→MD direction, starting with the 2026/2027 Gas Year**, for the purpose of fulfilling the commitments undertaken under the Roadmap regarding the long-term solution for increasing the commercial attractiveness of the Trans-Balkan Pipeline, capacities shall be offered on the RBP platform through **two simultaneous auctions for two different types of capacity**, namely:

- **Firm capacity with access to the VTP of the Republic of Moldova** (up to 6.0 mcm/day), identified on the RBP platform by the acronym **FZK**; and
- **Firm capacity without access to the VTP** (up to 5.5 mcm/day), subject to the reservation of capacity at the IP Grebenyky in the MD→UA direction equal to the capacity reserved at the IP Kaushany in the UA→MD direction, identified on the RBP platform by the acronym **DZK**.

Capacity reservations at the IP Kaushany in the UA→MD direction shall be made in compliance with the condition set out in the Annex to ANRE Decision No. 337 of 26 May 2026, namely:

“At the IP Kaushany, in the entry direction, a Network User may reserve firm and/or interruptible capacity without access to the VTP only if, at the IP Grebenyky, in the exit direction, the same Network User reserves a capacity at least equal to the capacity requested at the IP Kaushany without access to the VTP.”

Network Users shall be entitled to participate in the auction provided that they:

**A.** Have completed registration on the RBP platform. Details regarding registration are available on the public website of the platform at:

<https://ipnew.rbp.eu/RBP.eu/#register>

**B.** Have fulfilled the requirements set out in:

- ANRE Decision No. 420 of 22 November 2019 approving the Natural Gas Network Code;
- ANRE Decision No. 421 of 22 November 2019 approving the Regulation on Access to Natural Gas Transmission Networks and Congestion Management;
- ANRE Decision No. 534 of 27 December 2019 approving the Natural Gas Market Rules;
- ANRE Decision No. 112 of 19 April 2019 approving the Regulation on Connection to Natural Gas Networks and the Provision of Natural Gas Transmission and Distribution Services.

C. Have complied with the requirements specified in the Natural Gas Transmission Services Agreement concluded with Vestmoldtransgaz LLC. Further details are available at:

<https://www.vmtg.md/index.php/clienti/documente-contractuale>

**Note:** If, following the verification and matching process of nominations and re-nominations with adjacent TSOs, the quantities of natural gas confirmed at the Entry IP Kaushany differ from the quantities confirmed at the Exit IP Grebenyky, the TSO shall unilaterally reduce the confirmed quantities to the lower of the two quantities and shall inform the Network User and the adjacent TSO accordingly.

Should you require any clarification regarding the auctions, please do not hesitate to contact us at [office@vmtg.md](mailto:office@vmtg.md) or [comercial@vmtg.md](mailto:comercial@vmtg.md).

Yours sincerely,

**Vestmoldtransgaz LLC**
