Dear Partners,

In accordance with the provisions of Cap. V, Section 8, points 287-290 of the Gas Network Code approved by ANRE Decision No. 420/2019 on November 22, 2019 / Art. 29 of the Gas Network Code on Capacity Allocation Mechanisms (CAM NC), **on July 1, 2024, the incremental capacity auctions** were held within the incremental capacity process on IP Kaushany and IP Grebenyky for the capacity levels defined in the joint project proposal of GTSOU and "Vestmoldtransgaz" LLC approved by ANRE Decision No. 286 on April 30, 2024.

**There were no applications for incremental capacity bids in the auctions, thus no incremental capacity was booked in the result of the auctions.**

Therefore, the incremental capacity procedure was unsuccessful at the IP Kaushany and IP Grebenyky, the process was declared closed.

Yours sincerely,

"Vestmoldtransgaz" LLC
